

# Message from President Amy Sanford

I hope this message finds you all well. We have had a great year here in the Burlingame Hills and I hope to see many of you at our Annual Meeting on November

4 at the Burlingame Community Center. This is a great opportunity for our community to come together, share ideas and hear from our local Sheriff.

We had many successful Neighborhood Parties this Spring/Summer, and while I was not able to attend all of them, I did manage to get to many of them. I love meeting all of you in our wonderful neighborhood, and more importantly, I hope that many of you made some new connections and friendships. Your

neighbors are such an important resource in difficult times and if we have a natural disaster, we will need to rely on one another for help. I challenge you to make an effort to meet your closest neighbors if you haven't already.

In addition to the license plate reader cameras at the top of Summit Drive and Margarita Avenue, I am happy to report that we have three additional ones installed here in the Hills and a fourth will be installed soon. The Sheriff's Office and Flock Cameras determined the best location for these cameras and we hope they will continue to be a theft deterrent. This topic will be addressed at the Annual Meeting, so come with your questions, if you have any.

I would like to take this opportunity to thank our hard-working volunteer Board of Directors that serves all of you. We have a wonderful group

that works well together and we have a lot of fun. I feel that I have made some wonderful friends on our BHIA Board and feel lucky to work with all of them. If you have any interest in getting involved in our community, please reach out!

I am out walking the Hills most days with my dog, Jeff, a big black poodle, so if you see me, please stop and say hi. I truly enjoy meeting all of you.

Warmly, Amy Sanford  
President, BHIA
